

What is TraxeroGO?

The towing industry is evolving and now is the time to go digital!

Towing companies that embrace technology experience more efficiency, better customer service, streamlined processes, and enhanced decision-making capabilities. Going digital enables towing businesses to stay competitive in the industry so you make more money, faster

TraxeroGO is a simple and intuitive solution for towing and roadside professionals that enables them to participate in end-to-end digital dispatch without monthly or annual software fees. **TraxeroGO is 100% free to accept Tesla Roadside calls or to track cash calls.** TraxeroGO also integrates TowPay, a pay-as-you-go payment processor from TRAXERO, for any cash calls or co-payments.

Getting Started With TraxeroGO

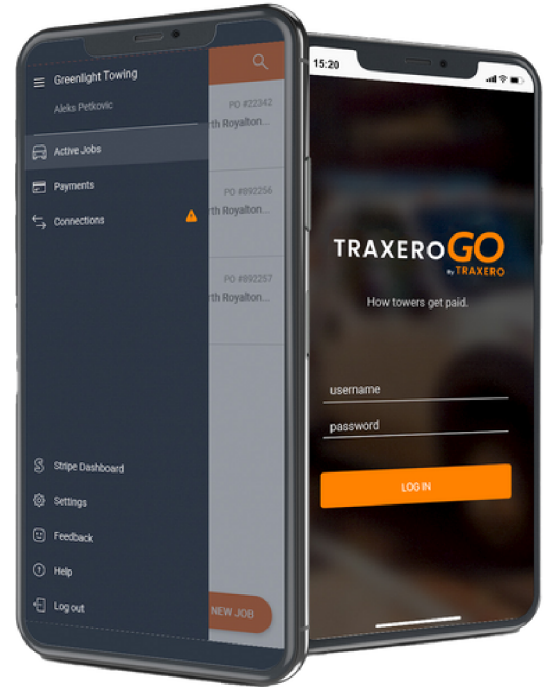

1. Go to www.TRAXERO.com/tesla and click Create Your Account.
2. Complete the form to set up your free TraxeroGO account.
3. Once your account is created and you are logged in, navigate to Settings and select Contractor Accounts.
4. Click the Add New button at the top right and select Tesla. Enter your Tesla Roadside Provider ID.
5. Download the TraxeroGO app from the App Store (iOS) or Google Play (Android). Your username is the email address used during registration.
6. If you run into issues, please reach out to support@traxero.com.
